

# We are Gateless!

## WE'VE PULLED OUT ALL THE STOPS

Literally. All those spots that slow you down—pulling a ticket, making a payment, waiting for an arm to go up or down... Gone! We want to make parking as fast & easy as possible, so we've **gotten** rid of gates! Yep, you heard that right. No more gates!

## WE HEARD YOU

You want to get in and get out FAST. We got it. Paying on the way in created long lines. Paying on the way out took way too long. Not anymore. We're talking super easy entrance and exit now. Drive right in and find your space. Make your payment via app, text, or pay station, then you're on your way! It's that easy. And quick!

## HOW DOES IT WORK

Cameras outfitted with license plate readers snap a picture of every vehicle's license plate as it enters and exits the garage. Then the system compares how much time the driver paid for and how long they stayed. It's that easy!

## HOW TO...

1. **Welcome!** No gate. No ticket. No need to stop.
2. **License plate recorded.**
3. **Park as usual.** Find your favorite spot and pull right in.
4. **Payment required prior to exiting garage.\*** You have choices...ParkMobile. Text2Park. Walk-up pay station. It's up to you!
5. **You're on your way!** PS...Pay via app or text and you'll get reminders when your time is about to expire.
6. **Ready to leave?** No gate, nothing to slow you down.
7. **License plate recorded.**
8. **You're on the road!**

*\*As awesome as gateless parking is, garage parking is still a paid service. Failure to pay prior to exiting the garage will result in a violation being mailed to the registered owner of the vehicle.*
